To The Wholesale Trade:

We are enclosing copy of our contract offer, quoting prices for next fall and winter delivery, subject to usual contract conditions.

We have made our prices as low as we feel good stocks can be produced and contracts placed with the best and most reliable growers in favorable localities, insuring good deliveries in so far as possible.

The prices quoted for Sweet Corn are for re-cleaned and carefully handpicked stocks, and wish to advise we do not slight the quality in order to reduce the expense, but maintain the quality of our stock regardless of expense. The same will apply to our handpicked stock of Field Corn and the cleaning of Vine Seed.

The Vine Seed require a large amount of hand labor so that we are obliged to pay good farmers high prices in order to get them to contract. The farmers generally this season are going to devote a large part of their acreage to grass and clover and other forage crop, so that it will be necessary for us to receive contract orders early to place our acreage to the best advantage.

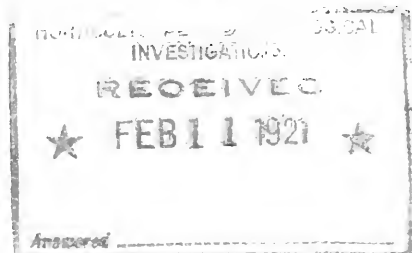

Hoping to be favored with your esteemed order in the near future so that we can place our acreage with the best growers,

we remain

Yours truly,

WESTERN SEED & IRRIGATION CO.
